THE *Proactive* STORY

At Proactive Clothing, we're proud of our history and would like to share how it all began. For the last 33 years, we've been family owned and operated, delivering superior quality LEADING BRANDS to the promotional and corporate apparel market.

1983

The original company started in Johannesburg in 1983 and offered screen printing and branding on a basic range of T-Shirts, polos and sweat shirts direct to end users. As business progressed and the clothing range expanded, it became clear that there was a need for a company to co-ordinate manufacturing and hold stock for distributors in Southern Africa. The company started stocking locally manufactured and imported products and wholesaling on to other distributors. A large clothing manufacturing and printing operation in Phuthaditjhaba, Qwa Qwa was established to have more control on local manufacture and to further expand the locally stocked range. The company strategy was refocused to solely supply bigger quantity orders to resellers and thus developed into one of the first strictly trade-only suppliers and manufacturers in the South African market.

1996

Having traded for many years with a centralized office and warehouse in Johannesburg supplying the whole of Southern Africa, The KZN branch was opened in 1996 and soon became the new head office. As demand grew in the Cape region, another branch was opened in Cape Town in 1997.

2013

In 2013, the KZN and Head Office operations relocated to their brand new headquarters in Westmead. Built by its sister company, this custom designed facility offered vastly improved storage and processing capabilities to facilitate and increase efficiencies in our distribution of stock throughout Southern Africa and internationally.

2014 to today

In 2014 the group opened its first international sister company in Toronto, Canada and has been stocking and supplying a similar range of products to resellers and distributors in the North American market. In 2015, a Namibian sister company was opened based in Windhoek Namibia to better improve our service and brand awareness in the region.

It is our goal to continue transforming and growing into a global player in the promotional and uniform apparel industries across the world; using that international exposure and volume to provide even better pricing, styles and designs while staying true to our values and roots and remaining a family owned and run company.

ICON DESCRIPTIONS:

A superior quality dyeing process ensures brighter colours and prevents fibres from weakening during the printing process

Garments require little or no ironing and are often crease resistant

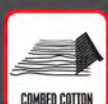

The garment contains breathable moisture management fabric which wicks perspiration from the skin to the outer surface and dries quickly through evaporation

The garment contains fluorescent colours and reflective tape to increase visibility

Fabric offers multi-dimensional stretch allowing flexibility and a more tailored fit

A process where the shorter cotton fibers are discarded and impurities removed, making the yarn stronger, smoother, softer and more compact

Fabric has water resistant properties

Fabric has wind resistant properties

A special wash process which yields a softer, more supple garment

DUCHESS[®]

A *Proactive*[®] LEADING BRAND

The Duchess brand has a rich history in South Africa and was established in Cape Town in 1945. It has many proven years of quality, style and innovation. We're proud to say that it is now an exclusive label and leading brand supplied by Proactive Clothing. By choosing Duchess as your choice of uniform, you are choosing the very best in beautifully styled and co-ordinated outfits that promote professionalism in the workplace.

The uniform styles available under the Duchess and Vanguard brands, cater to the corporate, medical, chef and service industries. Ladies uniform garments run under the Duchess brand, and unisex and/or mens garments are run under the Vanguard brand. Most of the Duchess range is available in extra small to very large sizes catering for everyone's needs. Garments are available in a range of fabrics, most of which have superior wash & wear properties.
